

Why choose Dixon Homes Cairns

Cairns is one of the fastest growing regions across Queensland

Dixon Homes Cairns is at the forefront of building growth across the region

Locally owned and operated, with over 25 years of experience in the region. Dixon Homes Cairns work with many long-term trades and suppliers, ensuring a consistent quality of finish and time frames.

Extensive plan range of over 1,500 house designs online

As one of Queensland's largest building groups, Dixon Homes Cairns has superior buying power for a high level of finish. Select your ideal home with flexibility to custom design.

Products that help you handle the far north Queensland heat

Dixon Homes Cairns proudly save our clients with the long-term running costs of their home, savings that brings households peace of mind with energy-efficient homes that reduce your power bill.

Highly experienced consultants who cost your design

The Dixon Homes Cairns consultant will assist you in selecting your land and designing your home, ensuring you assess your land accordingly and optimise your design.

Awesome Resort Inclusions customised to suit everyone

Dixon Homes Cairns offer a range of Awesome Resort Inclusions customised to suit our client's needs, with flexibility in both inclusions and designs ensures there is a design to suit everyone.

Transparent upfront itemised costings

Flexibility to personalise selections for your inclusions with clear, upfront, and transparent costings. At Dixon Homes Cairns, our local experience means we have a greater understanding of home building in Cairns.

Quality Assured Certified (ISO # AS 9001:2015)

Guarantees the efficient management of building your home. Dixon Homes Cairns build above industry standards structurally with supplier inclusions as early adopters of energy efficiency.

Dixon Online 24/7 Client C3S System Automated Management Systems

Access documents and building progress updates online at any time. Licenced supervisors and management systems are in place, with online 24hour access to documentation and tracking progress of your home build.
